Dr. Earle Covert supplied the following e-mail scan of the coarse roulette Gothic lettered 2 pound strip. Following the parallel presented by the 1/10th pound sequence on the *new-design* Series “C” stamps upon reaching **86**, just as the new *ounce / pound denominations* of the “Series of 1971” were being introduced, Imperial Tobacco’s production (and thus coding) switched from Granby **23D-1** to Montreal **10D-6**.

RQ-132 - 2 pounds, *coarse roulette*, coded **46** / 10D-6 / **46** by “Imperial Tobacco”, Montreal in August 1973

A similar can with a *mis-matched lid* had a part copy of **RQ-132** on the can, but had a partial copy on the lid with the “Issue of 1969” bearing the Roman lettered **2 LB (S)**.
